DETAILED ACTION

This Office action is responsive to the amendment filed on October 13, 2004.

1. Claims 1-19 are allowed and renumbered as 1-4, 6, 7, 5 and 8-19, respectively.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singly or in combination fails to anticipate or fairly suggest: a) the method step of *determining the actual film profile of a film formed in the integrated circuit manufacturing process by plotting multiple thickness measures across the film*, as recited in claim 1; b) the method step of *determining said desired film profile by averaging previous formations of said film formed using the same integrated circuit manufacturing process*, as recited in claims 5-6; and c) the step of *plotting multiple thickness measures taken at regular intervals along a line crossing a film formed in said integrated circuit manufacturing process to produce an actual film profile of said film*, as recited in claims 8 and 15; especially when these limitations are considered within the specific combination claimed.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
